**Regular** - Students who are currently enrolled in each class leading to the O.D. degree and taking a full-time course load. **Repeat** - Students who were previously enrolled as a regular student and did not advance to the next class. For example, a student in a second year of attendance but who is repeating enough first-year courses to be considered part of the first-year class is a repeat student. Repeat students are taking a sufficient number of credit hours to be considered a full-time student. A repeat student is not a student who was suspended and, after re-application, admitted again as a regular student. **Transfer** - Students who have enrolled after first attending another institution of optometry and leaving in good academic standing. **Dismissed/Voluntarily Discontinued** (Transfer After Dismissed/Voluntarily Discontinued) - Students who have enrolled after first attending another optometry institution where they were dismissed or left because of academic and/or disciplinary reasons.

**Regular** - Students who are currently enrolled in each class leading to the O.D. degree and taking a full-time course load. **Repeat** - Students who were previously enrolled as a regular student and did not advance to the next class. For example, a student in a second year of attendance but who is repeating enough first-year courses to be considered part of the first-year class is a repeat student. Repeat students are taking a sufficient number of credit hours to be considered a full-time student. A repeat student is not a student who was suspended and, after re-application, admitted again as a regular student. **Transfer** - Students who have enrolled after first attending another institution of optometry and leaving in good academic standing. **Dismissed/Voluntarily Discontinued** (Transfer After Dismissed/Voluntarily Discontinued) - Students who have enrolled after first attending another optometry institution where they were dismissed or left because of academic and/or disciplinary reasons.

IAUPR	No		
ICO	No		
IUSO	Yes	Yes	Must appeal to become an in-state student for tuition purposes. Rarely granted.
MCO	Yes	Yes

Acceptance is contingent upon satisfactory completion of courses equivalent to those at the New England College of Optometry. Students requesting transfer must provide a personal statement with supporting documentation demonstrating a compelling need to transfer in order to complete their optometric education. The dean at the applicant's present optometry school is required to provide official acknowledgment of the student's request for transfer and certification of good academic standing. The dean at the applicant's former optometry school is required to provide official acknowledgment of the student's request for transfer. <input type="checkbox"/>  An application does not entail acceptance to the College. If the student is admitted, he/she may not receive credit for courses taken at the previous institution.
