

# Faculty Participating in Funded Research

## U.S. Schools and Colleges of Optometry

### 2015-2025

<sup>1</sup>In 2015-16, 2016-17, 2020-21, 2021-22, 2022-23 and 2023-24 data was collected from all but one school. 2017-18, 2018-19, 2019-20 and 2024-25 include all schools.

<sup>2</sup>This is the total FTE of the faculty that participate in research, not the FTE that they *use* to participate in research. Includes all tenure track, clinical track, and research track faculty who participate in research as a PI, masked examiner, statistician, etc.

<sup>3</sup>Equals the aggregate FTE of all faculty participating in research divided by the aggregate FTE of all faculty employed by Optometry.
